

## **Power to Save**

### **Verse 1**

So I am done living for me  
Searching for answers, Seeking for peace  
I cry out to You, You're all that I need  
Rescued forever by love so real

### **Verse 2**

The moment I run into your arms  
Everything changes, I'm lost in Your love  
I reach out to You, You're all that I want  
Hope is alive now, You light up the dark

### **Chorus**

You have the power to save, the power to heal  
The power of love through Christ revealed  
I lift up my hands, I lay down my pride  
I need You in my life

### **Verse 3**

So it is done, the price has been paid  
Death is defeated, You conquered the grave  
Living in hope, no longer chains  
Our future is freedom, in Your endless grace

### **Bridge**

Reveal what's in my heart, It's tearing us apart  
I can't take it anymore  
Convict me of my sin, It's killing me within  
Your word is what I'm longing for

### **Chorus**

You have the power to save, the power to heal  
The power of love through Christ revealed  
I lift up my hands, I lay down my pride  
I need You in my life
